

New Bulleen Soccer Facilities Works Notice

Connecting the facilities to the main water supply

What we'll be doing

We're getting ready to connect the new soccer facility on Templestowe Road to the main water supply. There will not be any disruption to your water supply during these works.

Where and when we'll be working

We'll be working from **early October for approximately 3 days** on the Templestowe Road service lane opposite 27-59 Templestowe Road, Bulleen - the site of the former Bulleen Driving Range.

We will be working from **9.30am to 3.30pm**.

What this means for you

While the water main works are underway, you may notice:

- Increased noise from machinery and equipment
- Increased dust
- Increased activity with extra workers and construction vehicles on site
- Some impacts to service lane access between Rosemont Drive and Helene Street.

To ensure your safety and the safety of workers, please follow all signage and instructions.

Managing impacts

We carefully manage our works to avoid impacts to the local community and environment.

This includes:

- Working outside of peak traffic times where possible
- Securing worksites with fencing
- Minimising noise at the source
- Using traffic controllers to help residents access their properties.

Changes to speed limits and road closures

During the three days of works, the speed limit near the site entrance will change from 60 km/h to 40 km/h.

Templestowe Road will remain open to traffic in both directions with the assistance of traffic controllers, and bollards will be installed to protect workers on the southern side of Templestowe Road.

These works will affect access to the service lane between Rosemont Drive and Helene Street. Traffic controllers will be in place to help residents access their properties.

We appreciate your patience and understanding during this time.

Upcoming permanent speed change

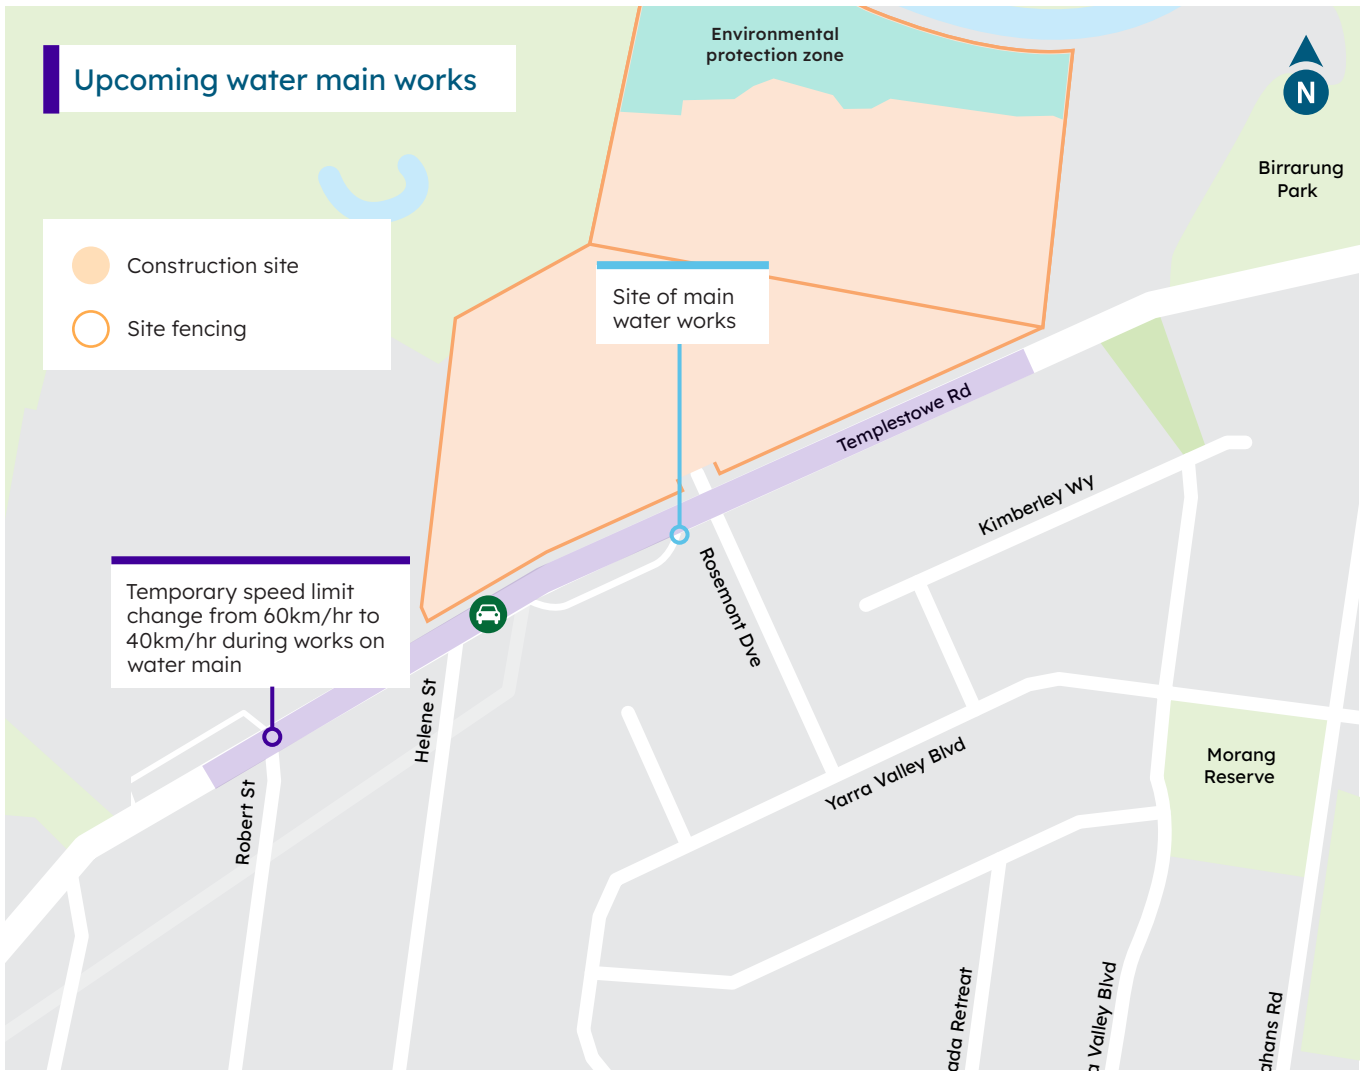

Following completion of the new soccer facilities there will be a permanent speed change on Templestowe Road.

The 60 km/h zone will be extended along Templestowe Road from Robert Street to Sheahans Road.

This speed reduction will make it safer to enter and exit the new facilities once they open to the public in the first half of 2024.

Our community engagement team is available by calling 1800 105 105 (call anytime) to discuss these works if you have any questions.

We appreciate your patience and understanding throughout these works.

Schedule is subject to change. Visit northeastlink.vic.gov.au/works for schedule changes.
For more information call **1800 105 105** or visit the Hub at **17 Watsonia Road, Watsonia**.
