

## ARTS CENTRE MELBOURNE CAR PARK

Arts Centre Melbourne's Car Park entry and exit is **via Southbank Boulevard only** until Monday 1 July.

There is currently no access in and out of the car park via Kavanagh Street. Please follow the signs directing vehicles to the Southbank Boulevard entrance.

The changed traffic conditions may cause delays so ensure to allow extra time to reach the venue.

All cars exiting the car park must turn left onto Southbank Boulevard.

This temporary change to Arts Centre Melbourne's Car Park means that we will be able to fast track important works in the Kavanagh/Sturt Street intersection to reduce future disruption to the precinct.

The Primrose Potter Australian Ballet Centre car park in Kavanagh Street remains open during this time.

## 77 SOUTHBANK BOULEVARD DECONSTRUCTION

To make way for the new The Fox: NGV Contemporary, we are in the process of deconstructing the former CUB building at 77 Southbank Boulevard.

The long reach excavator has arrived onsite and is making progress throughout the building.

For more information on the deconstruction process and construction noise and vibration, there are a number of information sheets on [our website](#).

## AUTHORITIES

Authorities works are continuing to take place around the precinct. These works are staged to minimise disruption.

Works are currently taking place along Southbank Boulevard with traffic management in place as required.

For more information, contact Harris Civil on **(03) 9523 5528**.

## TREES

On Tuesday 11 and Wednesday 12 June, City of Melbourne will be removing 5 trees along Kavanagh Street outside of The Primrose Potter Australian Ballet Centre.

These works will be taking place behind the project hoarding, however signage and traffic management will redirect pedestrians into the building via The Primrose Potter Australian Ballet Centre Car Park.

For more information, contact City of Melbourne, Parks & City Greening on **(03) 9658 9658** or [trees@melbourne.vic.gov.au](mailto:trees@melbourne.vic.gov.au).
