

What's been happening at the former Ballarat Saleyards?

We've been busy with the help of **Industrial Environmental Services**.

This includes:

- building temporary site sheds and creating dedicated parking areas for workers
- demolishing large areas of stone, known as bluestone
- removal of old underground drainage.

To find out what else is happening visit our website using the QR code or type in: development.vic.gov.au/projects/ballarat-saleyards

What to expect in the coming months?

- Demolition works will continue and we'll begin remediation works to clean up the land. We're still on track to be finished by the end of 2026.
- The future of the former Ballarat Saleyards will be guided by the City of Ballarat, with support from Development Victoria and the Department of Transport and Planning.
